We are pleased to announce that the 2008 Australian Mototrials Championships will be held at Bendigo 'The Centerpiece of Victoria' on October 11th and 12th

Many of you will be familiar with the Sedgwick trials site used for the super trial in 2005 and the last 3 Victorian titles. This natural amphitheatre of large granite outcrops, creek beds, and hill climbs are set to challenge all grades, yet remain spectator friendly so everyone will enjoy the weekend's activities.

The Bendigo region has a lot to offer visitors and we'd encourage you to spend a day or two taking in the sights and attractions.

Keep your eye on www.trials.com.au for updates.
