

Toonumbar Dam October 2018

We had a pretty good turnout considering we were forced to postpone this event, and for some of us Queenslanders it was nearly 4 hours drive just to get there.

Saturday night dinner was at the local Exchange Hotel in Kyogle, where they served about 10 of us some mean steaks to satisfy the days hunger, and of course we returned to camp to enjoy a couple more drinks before we had a good night's rest for Sunday's big day.

We decided to save all the confusion with Daylight Saving.... let's follow Queensland time, much to the frustration of our NSW counterparts. The NSW chapter set long flowing sections the week leading up to the event, the creeks had stopped flowing but there was enough pools of water to create wet lines as the day ticked along. The 10 sections were neatly packaged together, as you exited a section you were placed at the start of the next and so on, surprisingly no queuing. Thanks to Les and his army of helpers.

We had another couple of new riders come along which was great to see. Dave Akers trying his skills after a long trials break and Glen Masey giving trials a go for the first time, no doubt these guys will improve after getting some practice in. Richard Kent took out top honours on his EM, just pipping Jason Cunliffe on his beloved Scorpa...well done Rick and we love watching you ride that EM. Jake Long again excelled and took out 2nd place in Division 2 showing some of the old guard how to ride. Frithy finally got himself on top in Division 2, not sure how that happened as 2 sections included logs which are Frith's nemesis, anyway well done Frithy.

Plenty of Reeds in attendance which was good to see, Christine Reed and Kerryn Hellyar (with help from young Mackenzie Alford) looked after our scores and all that paperwork stuff. Paul Anderson had the worst job of all, delivering the portable toilet trailer which he scored for a carton of beer..... apparently, well done Kenny, I mean Paul.

It was good to see everyone pull their weight pulling in sections at the end of the day, of course we also enjoyed the usual sausage sizzle, oh yeah, thanks for looking after the drinks Darren.

Other than that ,it was a great days trials in pretty good weather conditions.

No photos this time but the results are attached.

Cheers

Harry
