

Hi everyone,  
Below a short introduction to my riding experience...

I started riding trials at the age of 6, on a Yamaha TY80, progressing from club level events to finishing 3rd in the British youth championship when I was 9.

I then moved up from there and won each youth class in the British Championship.

Coming out of the youth class I ventured out of the UK and over seas and after a steep learning curve managed to pull out some good results. Winning both the World Youth Championship and European Junior Championship in 2011.

I achieved some top 10 results in the world Pro class in 2015.

Over the last few years I have had some top 5 finishes in the Scottish Six Days Trial

In 2017 I was runner up in the British Trials Championships. I am looking forward to heading down under for some fun with Revolution Trials and passing on some knowledge and skills

Get in touch with Justin to secure your spot!  
See you all soon,  
Cheers Jack!
