

## NSW Chapter

# Busbys Flat. 27 September 2020

What a great day was had at Peter Moore's property at Busbys Flats. The NSW chapter of SOTA decided as we cannot attend the Qld events to set up a trial down here. I was overwhelmed by the number of riders that had turned up. Anthony Cummins drove all the way from Sydney, can you believe that! Kristie McKinnon, who now lives in Grafton arrived with 3 riders. Not to mention Greg and Donna travelling up from Coffs Harbour for the day. Good on you guys for making such a great effort.

We had 8 sections and rode 5 laps which Bradley Bryant cleaned up on his TLR twinshock riding the red line. This was my first trial this year, so boy did I enjoy it. Most riders just rode and rode, repeatedly riding and practicing. We also had a few first timers, so a bit of time was spent with them by most of us at some time.

I true SOTA tradition a sausage sizzle finished the day off. Yes, we're doing it again when the borders finally open and we can all attend.

Cheers

Patrick Whitfield.
